

CORAL

Design Paolo D'Arrigo

C A O S

Arredobagno Italiano

Ispirata dalla ricerca di applicazione dei sistemi generativi, la collezione Coral si propone come punto d'incontro tra design e natura all'interno delle nostre case.

Termoarredi elettrici ad alta resa, realizzati interamente in alluminio, sono alimentabili sia da punto luce che tramite cavo plugin, e programmabili tramite app che permette di impostare orari e giorni di accensione.

Inspired by the research of the application of generative systems, Coral collection is proposed as a meeting point between design and nature within our homes.

High-performance electric radiators, made entirely of aluminium, can be powered both from light point or plugin cable, and can be programmed via app that allows you to set times and days of ignition.

CORAL

Termoarredo elettrico interamente realizzato in alluminio ad alto spessore, installabile sia verticalmente che orizzontalmente.
Electric radiator entirely made of high thickness aluminium, which can be installed both vertically and horizontally.
